# NEXT GENERATION COMFORT.

With a spacious ROPS/FOPS compliant cab boasting a large easy clean floor, large storage areas and best-in-class controls, our excavator cabs are a great place to work.

## COMFORT AND CONTROL

Industry leading digital screen lets you tailor and store settings to put the operator in total control.

# NEW GENERATION EFFICIENCY.

With auto idle, one-touch idle and below idle features to reduce engine speed with the engine is not in use.

## ZERO TAILSWING

Offering concern-free manoeuvrability - especially in confined spaces. Overhang outside the tracks is eliminated.

# NEW GENERATION PERFORMANCE.

Designed to give you greater bucket and dipper tearout, greater dump height and greater lift capacity.

## POTENT PERFORMANCE.

We have a powerful Perkins engine which is quiet and efficient allowing for reduced operating costs in a small package.

## NEW GENERATION DURABILITY.

Designed to be quite simply the strongest range of machines on the market with 100% steel body work, a heavy duty H-frame undercarriage and dozer and boom ram guards as standard.

## POTENT PERFORMANCE.

Graphite impregnated bushes give best-in-class greasing intervals of 500 hours.

# NEW GENERATION SERVICE.

Wide-opening service panels makes it easy to access components at ground level keeping downtime to a minimum, including the time it takes to carry out maintenance.

## UNRIVALLED CUSTOMER SUPPORT
